

RESUME MAKEOVER KIT

Welcome to Your Resume Makeover Kit

Hey friend,

First, I have to say... I'm so glad you're here. You didn't just buy a bunch of files... you've taken a real step toward putting your best self on paper (and in front of the right people).

That matters.

Here's how to get the most out of your kit:

1. Start with the P.O.P Consulting Resume Template

Think of this as your foundation. It's the exact structure we use to help resumes rise to the top of the pile.

2. Move on to the Cheat Sheet

This is the fast-track to catching mistakes and making your dream job come looking for you

3. Use the ChatGPT Prompts for General Use

These prompts will help you write stronger bullet points, summaries, and even tailor your resume for different opportunities (without the overwhelm.)

4. End with the Mini Cover Letter Formula

Because a great resume deserves to be seen. This shows you how to get it in front of the right eyes, even if you don't have "connections."

You don't have to do this alone. Get feedback, encouragement, and extra strategies by joining us here: [Click to Join](#)

And when you're ready for the next level...

Once your resume is dialed in, it's time to make your LinkedIn profile work just as hard for you. LinkedIn for Leaders is our program that helps you turn connections into real opportunities — with confidence and clarity.
